## About Me -

I am a front-end developer with hands-on skills and experiences in a wide range of software, tools and programming languages. I have been working with web development since 2018 and for the last few years I have been working nearly with React and Node.js and focusing on backend development and rest APIs using Express.js and MongoDB.

## Objective -

Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the organization.

I am willing to relocate anywhere. I am fond of learning new tools and technologies.

## Work Experience -

### Senior Front-end Developer (Team Leader)
